

# ADMC-2 Consolidated Buy 21

Contract #W91QUZ-06-D-0007

The ADMC-2 contracts are the Army's primary source for commercial desktops, notebooks, semi-rugged and ruggedized devices, printers and associated peripherals. All desktop and notebook computers purchased for the Army will be delivered with a CAC reader and be compliant with the latest NETCOM technical

requirements to include the latest version of the Army Golden Master with Windows 7. Services include installation, IT assessment, system configuration, asset tagging, image blasting and custom imaging to support the equipment is also available.

Integrio Technologies, an SBA-designated small business headquartered in Herndon, Va., is an IT integration and engineering company that offers reliable, cost-effective, secure solutions for organizations seeking to develop new capabilities and optimize legacy systems. Our company collaborates with its customers, partners and employees to provide outstanding cutting-edge solutions for network performance, secure wireless infrastructure, software application lifecycle support, and physical cyber security that support the missions of federal, state and local government agencies.
