Our Services and Support

In addition to these product offerings, Integrio has a team of engineers dedicated to providing infrastructure services. Our core technical team has in-depth knowledge of our products to successfully install hardware, educate customers on new technology, and provide the necessary tools for proper maintenance and continued organizational productivity.

Integrio Technologies, an SBA-designated small business headquartered in Herndon, Va., is an IT integration and engineering company that offers reliable, cost-effective, secure solutions for organizations seeking to develop new capabilities and optimize legacy systems. Our company collaborates with its customers, partners and employees to provide outstanding cutting-edge solutions for network performance, secure wireless infrastructure, software application lifecycle support, and physical cyber security that support the missions of federal, state and local government agencies.
