FBI ITAP Program Overview

ITAP is intended to streamline the FBI acquisition and fulfillment process for refresh and new purchases of standard end-user computers, peripherals and other selected hardware.

- ITAP was previously the Prevention of Information Technology Obsolescence (PITO).
- ITAP is a multiple award IDIQ with a 12-month base year and four 12 month option years.
- Integrio is a small business awardee, offering OEM partner products such as HP, Samsung, Lexmark, Epson, Belkin and TEMPEST among others.

Our Services and Support

In addition to print media and desktop equipment, Integrio has a team of engineers dedicated to providing infrastructure services. Our core technical team has in-depth knowledge of our products to successfully install hardware, educate the ITSD on new technology, and provide the necessary tools for proper maintenance and continued organizational productivity.
