The Right Technology for Business Operations and IT Needs

Integrio represents some of the world's most trusted brands, and help clients choose the right technology for business operations, continuity, data protection, software development, collaboration and IT security needs.

By partnering with our technology vendors, we offer our customers best-of-breed products and a team of technology certified subject matter experts and account representatives who serve more than 1,400 federal clients and are ready to deploy and manage industry-leading solutions.

Working with our vast network of partners, we have built a solid reputation of trust and knowledge with our customers, who look to end-to-end hardware and software solutions to optimize their performance. Solutions sets include:

- Data center
- Cloud computing
- Enterprise servers, storage, networking
- Virtualization/consolidation
- Client/Mobile computing
- Secure networking
- Cyber security
- Collaboration tools
- Security and data protection
- IT service management tools
- Big data analytics

Efficient Distribution, Flexible Financing

Integrio's partnership with Synnex, a leading business process services and distribution company, offers efficient CONUS/ OCONUS distribution, custom distribution, asset management, bill and hold services, and flexible financing options.

Integrio Technologies, an SBA-designated small business headquartered in Herndon, Va., is an IT integration and engineering company that offers reliable, cost-effective, secure solutions for organizations seeking to develop new capabilities and optimize legacy systems. Our company collaborates with its customers, partners and employees to provide outstanding cutting-edge solutions for network performance, secure wireless infrastructure, software application lifecycle support, and physical cyber security that support the missions of federal, state and local government agencies.
